16 April 2014

Dear Matt

I am writing this letter to thank you and your team for all of your efforts on the two major culvert installation schemes we have completed together at Christmas 2013, and most recently Keyberry Culvert in 2014.

Your team worked in extremely difficult conditions and stayed committed to the task of installing all of the culvert units as per the very strict programme of works.

Your attitude to safety was exemplary and you helped Galliford Try achieve an AFR of Zero with over 10,000 man hours works.

Should any further works arise at the A380 SDLR we will definitely be getting in contact.

Kind Regards

Gareth Thomas  
Rail Project Manager
